V. Health Insurance Survey Results

Mr. Malachowski reviewed the results of the survey. He noted the return on the survey was larger than anticipated. There were 266 responses, which is approximately a 35 percent response rate.

Mr. Malachowski noted Champaign County has a larger percentage of members who are enrolled in the Blue Access for Members (BAM) site than all of BCBS's other clients. He encouraged committee members to register and to promote registration to others.

According to the survey results, twice as many respondents rated their overall experience as "positive" as opposed to "negative".

The committee would like to distribute the survey again prior to the decision for 2019 Health Plan decision.

VI. 2017 Claim Review

Mr. Malachowski reviewed the claim information provided by Health Alliance for 2017, as well as the first quarter BCBS claim information. He noted that BCBS is the only provider who will provide an Order of Reduction for pharmacy claims.

Mr. Malachowski reminded the committee to use discretion when talking about claims information with people outside the committee, in order to protect member's privacy.
