 - (c) Whenever the most current long term corporate debt (credit) rating of the proposed financial institution by either S&P, Moody's, or Kroll Bond Rating Agency is lower than the minimum acceptable long term corporate debt (credit) rating, the letter of credit shall be replaced with a new irrevocable letter of credit from an issuing financial institution whose most current long term corporate debt (credit) rating by either S&P, Moody's, or Kroll Bond Rating Agency meets or exceeds the minimum acceptable long term corporate debt (credit) rating.
- f. Should the salvage value of components be adjusted downward or the decommissioning costs adjusted upward pursuant to paragraph 6.1.8 O.(4)d., the amount of the irrevocable letter of credit pursuant to this paragraph 6.1.8 O.(4) shall be increased to reflect the adjustment, as if the adjusted estimate were the initial estimate.
- g. Unless the Governing Body approves otherwise, the Champaign County State's Attorney's Office shall review and approve every Letter of Credit prior to acceptance by the Zoning Administrator.

EXHIBIT A: PROPOSED AMENDMENT

- (5) In addition to the conditions listed in subparagraph 6.1.1A.9. the Zoning Administrator may also draw on the funds for the following reasons:

 - h. The COUNTY discovers any material misstatement of fact of misleading omission of fact made by the Applicant in the course of the SPECIAL USE Permit Zoning Case.
- (6) The Zoning Administrator may, but is not required to, deem the TIER-2 BATTERY ENERGY STORAGE SYSTEM abandoned, or the standards set forth in Section 6.1.8 O.(5) met, with respect to some, but not all, of the TIER-2 BATTERY ENERGY STORAGE SYSTEM. In that event, the Zoning Administrator may draw upon the financial assurance to perform the reclamation work as to that portion of the TIER-2 BATTERY ENERGY

EXHIBIT A: PROPOSED AMENDMENT

STORAGE SYSTEM only. Upon completion of that reclamation work, the salvage value and reclamation costs shall be recalculated as to the remaining TIER-2 BATTERY ENERGY STORAGE SYSTEM.

REQUEST FOR QUOTES TO REPAIR BRIDGE AND RAIL

Champaign County Highway Department is receiving quotes for repair of Bridge 010-4552 on Maplewood Drive in Rantoul. See attached Location Map.

The anticipated work effort is to:

- Remove sheared and broken bolts from Post 1 rail post insert.
- Replace 4 rail posts that exhibited twisting in the post (Post 1, 2, 5, and 8)
- Reset the remaining 4 rail posts (Posts 3, 4, 6, and 7) that were shifted south slightly in the accident.
- Replace the north 40' of SM Rail from the splice.
- Replace the curled end section at the NE corner of rail.
- Patch the spall at Rail Post 2 – Assuming the entire length of concrete along the crack on the underside of the deck is part of the spall at this location.
- Provide traffic control during construction. County anticipates Highway Standard 701606-10 to be used.

Champaign County expects interested parties to perform a site visit and confirm the anticipated work prior to providing a quote to ensure the Quoter includes all work associated with repairing the rail and the bridge deck. The above-mentioned items are anticipated. If the Quoter believes additional work will be needed to complete the repair, it shall be noted in the quote provided to the county.

Written quotes will be accepted at the Highway Department until September 30, 2025, at 10am. Persons wishing to provide a quote on the project should provide the quote in writing by e-mail to jblue@champaigncountyil.gov. The Champaign County Engineer will review the quotes and award the repair project to the lowest responsible quoter.

The quote should be based on a LUMP SUM repair cost for all work described above including any additional work the quoter believes should be completed to repair the damage.

If there are additional questions, please call 217-384-3800.

Saturday, September 6, 2025, approximately 11am

Champaign County Engineer was informed that structure 010-4552 was involved in a single car accident and should be inspected for structural integrity. The maintenance foreman was called to the scene and with traffic control barrels on Saturday. Bridge inspectors were informed the bridge should be inspected on Monday morning.

Monday, September 8, 2025, approximately 11am

Jenni Marner (Champaign County Bridge Program Manager) and Ryan Mumm (Champaign County Structural Engineer) conducted a damage inspection on the structure. A drawing was made showing the concrete and rail damage they found during the inspection. Photos of the scene were also taken.

Damage Conditions:

Rail on the east side of the structure was impacted. It appears the vehicle hit the NE corner of the guardrail obliterating the terminal end and the intermediate posts between the bridge and the pedestrian bridge.

The first post from the north was obliterated and the bolts were missing and sheared.

The second post from the north was bent and twisted with a large spall at the bottom of the concrete to the south (3'-3" x 13" triangular) and the concrete was cracked diagonally to the north of the bottom bolt. The epoxy coated re-bars appeared in good condition where exposed in the spall. Longitudinal cracking along the bottom flat expanse for approximately 5' in length. The insert is cracked and bolts are compromised.

The third post from the north was decent, just slightly shifted towards the south, but not bent/twisted.

The fourth post from the north had minor damage and was shifted slightly towards the south.

The fifth post from the north had damage and twisting evident.

The sixth post from the north was in decent shape, just slightly rotated and shifted to the south.

The seventh post from the north was in good shape.

The eighth post from the north (first post south of the SM rail splice) is damaged with twisting and bending.

Damage Inspection
9/8/2025; 11am; JEM/RTM

The remaining posts did not appear impacted from the accident.

The north piece of SM rail exhibits various twists, dents and damage. The south piece of SM rail was not apparently impacted. The north SM rail was measured at 40' in length and should be replaced.

The railing between the bridge and the pedestrian bridge was damaged and pulled out of the concrete. The maintenance forces at the County were able to re-drill and bolt the railing back into place. The concrete is spalled where the original bolts pulled out. This had already been repaired at the time of this damage inspection.

The pedestrian bridge railing and beams had liquids and debris from the accident evident, however no structural damage was noted on the pedestrian bridge or railing.

Debris was found between the bridge and the pedestrian bridge underneath the structure the full length of the bridge opening. The photo in the News-Gazette article showed the vehicle coming to rest at the SE corner of the structure. Oil Dry was evident on the pavement where liquids were attempted to be contained.

The steel beams under the structure showed no damage indicators. The concrete deck did not show cracking or spalling in addition to what was mentioned near post 2 above.

The Highway Department has requested a copy of the accident report from the Sheriff. As of 9/8/2025 when this report was generated, the accident report was not available yet.

An insurance bill and 2026 vehicle registration was located in the grass near the SE corner of the structure. Champaign County Highway retrieved these items.

The News Gazette reported general information on the accident. The article is attached.

BUDGET MEMO

Date: October 15, 2025

RE: Champaign County State's Attorney's Office 2025 Budget

Request for additional \$25,000 in budget to pay 2025 expenses

Submitted by: Bud Windelborn, Operations Manager

The State's Attorney's Office has many unpredictable expenses each year. Trials sometimes require witness/victim travel, expert witnesses, and other expenses that depend on what trials are pursued. In 2025, we had many such expenses, which led to depletion of the budget.

The 2025 trials that had large costs included:

- Brock, Tony 22CF102
- Wesley, William 23CF903
- Helm, Dealonte 25CF180
- Jenkins, Kejuan 25CF769

Other major expenses included office furniture and tech for four newly hired attorneys, witness/victim travel at the end of October, statute books and our regular monthly expenses.

I'd like to get ahead of our lack of funds, so we don't end up paying any late fees.

Last year we had a shortfall the last three months of the year, which resulted in the SAO asking for \$25,000 (and receiving) in additional funds for 2024. I expect the 2025 expenses to be similar to what we saw in 2024.

These are approximations of what invoices will be due for the remainder of 2025:

LexisNexis	\$3000
Expert Witnesses	\$5000
Witness Travel	\$4000
Office Supplies	\$8000
Detective Auto Gas	\$2000
Misc.	\$3000
Total	\$25,000

INTRODUCTION

The County of Champaign is requesting Statements of Qualifications from professional insurance agents who have significant experience in the public entity insurance market. The County will be reviewing these qualifications and selecting a licensed qualified Agent to provide specified services related to selection and placement of employee health, dental, vision, and life insurance coverage.

The County of Champaign prefers to place health insurance coverage through one Agent and to establish a close working relationship with that Agent. Our intent is to obtain not only reasonable premiums, but also stable and financially sound insurers, as well as the most responsible and competent Agent to service our account.

The Agent selected will need to be available to advise, instruct and educate the County on all insurance matters related to health and ancillary policies for our employees. The selected Agent will work with the Insurance Specialist and/or other County staff daily to assure that the most effective and efficient health insurance program is operating on behalf of the County of Champaign.

Applicants are advised to familiarize themselves with the County's current benefits package - <https://www.co.champaign.il.us/Employment/Employment.php>.

INSTRUCTIONS TO PROPOSERS

The County will be the only judge as to whether the proposal has, or has not, satisfactorily met the requirements of this RFP.

The County reserves the right to request clarification of information submitted and to request additional information of one or more applicants.

Any proposal not so withdrawn shall constitute an irrevocable offer, for a period of 90 days, to provide the County the services set forth in the attached specifications, or until one or more of the proposals have been approved by the County, whichever occurs first.

Any agreement or contract resulting from the acceptance of a proposal shall be on forms either supplied or approved by the County and shall contain, as a minimum, all applicable provisions of the RFQ. The County reserves the right to reject any agreement that does not conform to the RFQ and any County requirements for agreements and contracts.

Memorandum

A funded intergovernmental Champaign County Reparations Commission for African Americans

We ask that:

- **The City of Urbana, The City of Champaign, The County of Champaign, and the University of Illinois establish and fund a Champaign County Reparations Commission for African Americans to study the need for reparations and bring recommendations for action to the public governing bodies and the University of Illinois, Urbana-Champaign (UIUC).**
- **Each governmental body shall nominate one member to serve on this 11-person Commission. At least 51 percent of the commission are to be community members to ensure that the leadership and recommendations authentically represent African American residents of Champaign County.**
- **Each governmental body shall contribute \$25,000 to the work of the Commission. Expenses will include research costs, public meetings venues, and appropriate stipends.**
- **Working towards reparations will require additional research into local histories of discrimination and subsequent harm, the preparation of a harm report, community education and involvement, identification of potential models of repair, location of funding sources, and finally presentation of legislation to enact repair.**

Each of the entities named above brings particular expertise and will find particular areas of redress. Laws and policies in this County have systematically contributed to and exacerbated racial inequalities. Absent an honest look at our history and its repercussions in our present, we cannot reach our potential for the future. For the benefit of all, African American people must lead the process of repairing historical and present injustices. Hence we propose the creation of this intergovernmental task force.

WHO WE ARE - Champaign-Urbana Reparations Coalition

The Champaign-Urbana Reparations Coalition (CURC) seeks reparations for African American people. Our goal is to address the historic and ongoing harms caused by systemic racism and discrimination and, guided by those most impacted, to work towards creating a more just and equitable society for all. While the harms of the legacies of enslavement to African Americans are stark, these harms affect all of us. We believe that reparations are a necessary step towards rectifying the injustices of the past and creating a more equitable future. We began work in May 2023, led by Dr. Jeff Trask.

NATIONAL SNAPSHOT

Data cited by the Descendants Truth and Reconciliation Foundation indicate that African American people in the US own 10% of the median wealth of white people, have lower life expectancies and higher unemployment, are 20% more likely to report psychological distress and 50% less likely to receive counseling or mental health treatment, will earn \$1 million per person less than individual white people during their lifetimes, are 40% less likely to own a home, and are five times more likely to be imprisoned. <https://www.descendants.org/what-we-do/why-now>

Slavery and the subsequent caste system has created the foundation of the US financial portfolio, on which all other wealth was built. Everyone in the US is currently benefiting from the effects of slavery. If connections can easily be traced from slavery to the financial well-being of the nation today, they can also be traced from slavery to the overall challenges in African American lives today. This is not to mention the post-slavery experience, stretching from the rise of the KKK after Reconstruction to Jim Crow laws, housing discrimination and redlining to mass incarceration and other current injustices. Our nation must be held accountable for the legacies of slavery.

In 2016 the UN Working Group of Experts on People of African Descent called on the United States to provide reparations for slavery, finding compensation necessary to combat “the disadvantages caused by 245 years of legally allowing the sale of people based on the color of their skin.” Adequate reparations include cessation and guarantees of non-repetition, restitution, compensation, satisfaction, and rehabilitation.

LOCAL HISTORY

According to “24/7 Wall Street” in June 2023, Champaign-Urbana ranks #20 in the country in the list of worst cities for Black Americans. An index of eight variables measuring racial socioeconomic gaps was used to determine the rankings. “It is important to note that this list does not rank the cities where Black Americans face the worst conditions, but rather the cities where the socioeconomic gaps between the white and Black populations are the largest.” <https://247wallst.com/special-report/2023/06/14/the-worst-cities-for-black-americans-9/>

As in other parts of the country, African Americans in Champaign County are disproportionately suffering from myriad health issues, such as high infant mortality rates and various cancers.

- According to the Illinois Department of Public Health, Champaign County is second in the state in infant mortality (rate of 9.4), surpassing Chicago (6.3) and East St. Louis (9.3). <https://dph.illinois.gov/content/dam/soi/en/web/idph/publications/idph/data-and-statistics/vital-statistics/infant-mortality-statistics/IMR%20by%20county%202015-2019.pdf>
- 2019 statistics show that the infant mortality rate among African American women was 11.4 compared with 4.4 for Caucasian women <https://dph.illinois.gov/content/dam/soi/en/web/idph/publications/idph/data-and-statistics/vital-statistics/infant-mortality-statistics/IMR%20demographics%202015-2019.pdf>

The discriminatory housing practices of redlining and restrictive covenants in Champaign County negatively affected Black families in a multitude of ways. When looking at a map of Champaign-Urbana overlaid with a mapping of race, the effects of these practices are apparent and ongoing. Examples resulting from this discrimination include the presence of predatory lenders, food deserts, racial wealth gaps, and higher crime rates in predominantly Black neighborhoods. The Champaign County Clerk's office has uncovered 18 local subdivisions that deployed restrictive covenants impacting 774 parcels to keep Blacks out of certain neighborhoods.

African Americans were admitted to the University of Illinois from its founding in the late 1800's but were not permitted to live on campus until a token integration of two women in 1945. Housing discrimination at the University of Illinois continued to exist without much abatement into the early 1960's.

The racial oppression of white supremacy was expansive and was prevalent and punishing for employment opportunities. Regardless of qualifications, Black workers were systematically discriminated against in hiring, where the only jobs made available were lower-paying manual labor, which was less secure and segregated. In 1968, the unemployment rate in Champaign-Urbana was 2.6 percent for whites, and between 12 and 20 percent for Blacks, depending on the season. Especially oppressive was the lack of employment opportunities for Black professionals.

The Illinois State Board of Education's 2022-23 school report card shows unacceptable achievement gaps between Black and white students.

- In Urbana just 2% of Black third graders are grade-proficient in mathematics compared to 24% of white students, remaining at 2% for Black eighth graders and dipping to 21% of white students in eighth grade. One percent of Black students are proficient in language arts in third grade compared to 16% of white students. www.illinoisreportcard.com/District.aspx?source=trends&source2=achievementgap&Districtid=09010116022
- In Champaign, 7% of Black third graders read at grade level compared to 42% of white students in third grade; 7% of Black students in 8th grade test at grade level in language arts compared to 46% of white eighth graders. In math in Champaign only 10% of Black third graders test at grade level compared to 49 % of white students; by 8th grade the scores are 1% for Black students and 33% for white students. www.illinoisreportcard.com/District.aspx?source=trends&source2=achievementgap&Districtid=09010004026

According to WBEZ and the Investigative Project on Race and Equality, in 2022, the City of Champaign's Black population was 17.9%. Yet, it constituted more than 56% of traffic stops. In Urbana, Black people represented 18.3% of the population. However, they made up nearly 46.5% of that city's traffic stops. Champaign County Sheriff's Annual Reports note that over the last five years the average percentage of jail bookings to the Champaign County Jail is 57% African American.

ASSETS

We are fortunate to be able to build on previous commitments that the cities, county and University have made to work towards racial equity. At UIUC the Call to Action to Address Racism & Social Injustice Research Program in the Vice Chancellor's Office is just one of the university's antiracism initiatives. In Urbana "A RESOLUTION COMMITTING TO END STRUCTURAL RACISM AND ACHIEVE RACIAL EQUITY" was passed in 2021. Champaign County received the report of its Racial Justice Task Force in 2017. The Champaign Unit 4 School Board in 2020 passed a resolution declaring racism to be a public health crisis.

In this community we have ample resources for historical research such as the Doris K. Wylie Hoskins Archive on Cultural Diversity, the African American Heritage Trail, the Champaign County History Museum, the University of Illinois Library and the Champaign County Historical Archives at the Urbana Free Library. Numerous faculty at the University of Illinois are skilled in archival research and committed to community engagement. Communities such as Evanston, IL, and Providence, RI, have been leaders in reparations as have Georgetown University and St. Louis University and can provide models for action.

The Champaign-Urbana Reparations Coalition stands ready to assist the Commission in historical research, sharing examples of reparation initiatives from around the country, identifying members to serve on the Commission, and assisting with public events. We urge that the Champaign County Board pass an ordinance to start this work and we look forward to working with you.

Thank you for your consideration.

Window Replacement + Misc. Improvements

RWF Project #202535

Dear Ms. Jett,

Bids were received on October 16th, 2025, for the JDC Window Replacement + Misc. Improvements. Reifsteck Wakefield Fanning & Company (RWF) attended the bid opening where a total of three (3) bids were received, opened, and read aloud. The bid tabulation sheet is attached to this letter. The apparent low bidder for the work was P.J. Hoerr, Inc. with a bid amount of \$422,000.00 and an alternate bid of \$55,000.00

RWF contacted P.J. Hoerr, Inc to ascertain their familiarity with the project documents, the project schedule, and their willingness to proceed with the project work. We discussed their understanding of the project scope as outlined in the bid package. After our discussion we feel that they are clear on the requirements set forth in the documents and the bid package description.

P.J. Hoerr, Inc indicated that they are satisfied with their bid amount; are confident they have the workforce to complete the work successfully in the time frame established; and are ready to proceed when authorized.

RWF recommends P.J. Hoerr, Inc be awarded a contract for the work. In addition, RWF recommends the County set aside a construction contingency of 5% of the bid amount to address any issues that may arise during construction.

Respectfully submitted,

MEMO

TO: Honorable Members of the Champaign County Board

From: Laurie Brauer
Champaign County Coroner

Date: 4/30/25

Re: Budget Amendment for Professional Services

We have an anticipated shortfall in our Professional Services budget line (1080-00-0252a-02-042-000-0000-502001). The FY2025 budget was prepared and approved knowing that the budgeted amount wouldn't fully cover the costs associated with autopsy services.

In January 2024, Champaign County transitioned to utilizing the services of Nathan Patterson, MD, through the Sangamon County Coroner's Office.

The current cost structure for autopsies is as follows:

Forensic Pathology Fee - \$1,200

Facility Fee - \$450

Transportation Fee \$250

Total cost \$1,900

This cost doesn't include radiology or histology fees.

Given the average volume of cases, I project that the existing budgeted amount will be insufficient to meet operational needs through the end of the fiscal year. A budget amendment is therefore necessary to ensure uninterrupted service and compliance with statutory requirements.

I respectfully request that the board approve a budget amendment of an additional \$161,750 to increase the appropriation in the above line item accordingly.

10/13/25 This memo serves as an amendment to the original Budget Adjustment (BUA) request submitted on 5/2/25, reflecting an updated amount in accordance with the request to submit the BUA in increments.

The amended amount is \$129,700, which includes:

- \$36,100 for Professional Services rendered in September
- \$93,600 for services predicted for October, November, and December 2025.

This adjustment will enable the Champaign County Coroner's Office to meet payment obligations for professional services and maintain operational continuity.

Laurie Brauer
Champaign County Coroner
