PROCLAMATION IN CELEBRATION OF THE 125TH ANNIVERSARY OF THE CHAMPAIGN
COUNTY COURTHOUSE, URBANA, ILLINOIS

WHEREAS, beginning in 1836, a series of courthouse structures were created on the downtown square in Urbana, IL. The first two structures were temporary and small, mostly made of wood. In 1849, a two-story wood and brick building was built with a belltower/clock. It was during this time that Abraham Lincoln practiced law in the Champaign County Courthouse. In 1860, a large remodeling of the courthouse took place, creating a steel frame with masonry exterior. The latter structure was later determined to be too small for the growing community; and

WHEREAS, the fifth courthouse was dedicated on August 22, 1901. It stands to this day on the corner of Main Street and Broadway Ave, in Urbana, Illinois. It was 108 feet by 116 feet and three stories tall and cost \$150,000. It was designed by Joseph Royer and was built in a Romanesque style with red sandstone and mottled brick exterior. The belltower/clock rose to 135 feet. The tower was struck by lightning at least 4 times and the tower height was reduced to 85 feet in 1952. At the turn of the century, a large renovation project took place, creating 11 courtrooms and allowing many office-holders to have offices in the courthouse. At a cost of about \$27 million, it more than doubled the courthouse space for the County. In 2009, after extensive fundraising of about \$1 million, the bell tower/clock were raised to the original height of 130 feet; and

WHEREAS, the Champaign County Courthouse has served as a lasting monument of justice, democracy, and civic life for the citizens of Champaign County; and

WHEREAS, the historic building, with its Romanesque features, stands as a cherished architectural landmark in our downtown; and

WHEREAS, for 125 years, this Courthouse has been the site where the rule of law is upheld, local governance is administered, and the rights and liberties of our residents are protected; and

WHEREAS, the building has witnessed the growth and evolution of our community, bearing witness to countless milestones, civic gatherings, and the steadfast dedication of our judges, attorneys, and county officials; and

WHEREAS, it is fitting and proper to recognize this milestone, honoring both the physical structure and the heritage of justice it represents in Champaign County:

NOW, THEREFORE, the Champaign County Board of Champaign County, Illinois, does hereby proclaim August 21, 2026 as CHAMPAIGN COUNTY COURTHOUSE ANNIVERSARY DAY and urge all citizens to join in celebrating the rich history, architectural beauty, and enduring legacy of our Courthouse.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Official Seal of Champaign County, Illinois to be affixed this ____ day of _____, 2026.

Re: FY24 Audit Update – Information Only

After a long and difficult process, the FY24 audit is complete. When the Executive's Office was asked by the Board to take over audit work, it was discovered that the FY24 books were in an un-auditable state. Bank reconciliations, monthly tie-outs, and other standard processes weren't done in 2024, and a complete detailed review of the accounting system for the entire year was needed, which is a very time-consuming process. This detailed review uncovered numerous significant issues that needed correction before the actual outside audit work could be started. However, due to this detailed review, the FY24 accounting records are now in better shape and more accurate.

I would like to thank the Finance and Treasurer's Office staff that worked on the FY24 audit. They put in a great deal of effort to make sure the FY24 audit was completed. They should be commended for fixing a year's worth of accounting issues. I would also like to thank the staff at CLA for their flexibility in rearranging their schedules to complete the outside audit.

RE: Equipment Replacement- Pope Adult Detention Center

The Pope Adult Detention Center has a walk in cooler and freezer. These units are original to the building and need replaced. Both units have had and continue to have several repairs made to keep them operational. If another major repair were to occur the repair cost could be elevated with the added expense of having to rent a refrigerated truck while the repair is being made.

The purchase would include two completely new units while utilizing the original boxes. I have received quotes from three companies for the work. The quotes exceed the \$30,000 threshold requiring an ITB to be issued. I am requesting an exception to the requirement in the Purchasing Policy to issue an ITB. This would ensure the replacement can be completed as soon as possible and additional costs could be avoided. The Sheriff has committed up to \$21,000 from his budget towards the purchase of the units. Thank you for your consideration in resolving this issue.

RESOLUTION NO. 2026-156

A RESOLUTION APPROVING AN EXCEPTION TO THE CHAMPAIGN
COUNTY PURCHASING POLICY ORDINANCE 2022-9 –
PHYSICAL PLANT DEPARTMENT

WHEREAS, the Champaign County Board has heretofore adopted a County Purchasing Policy, Ordinance Number 2022-9; and

WHEREAS, the Champaign County Purchasing Policy establishes requirements for bidding procedures for purchases in excess of \$30,000.00; and

WHEREAS, the County Purchasing Policy also establishes purchases beyond the Champaign County Purchasing Policy guidelines may be approved for exception to the Purchasing Policy Ordinance by the Champaign County Board; and

WHEREAS, the Pope Adult Detention Center has a walk-in cooler and freezer that are in need of replacement; and

WHEREAS, additional costs would be incurred if either unit breaks down and replacement parts are not readily available; and

WHEREAS, the Physical Plant Department is requesting an exception to the Purchasing Policy to replace the units immediately and avoid additional costs;

NOW, THEREFORE, BE IT RESOLVED by the County Board of Champaign County that the purchase of replacement units for the walk-in cooler and freezer at the Pope Adult Detention Center be exempt from the Champaign County Purchasing Policy.

What experience and background do you have which you believe qualifies you for this appointment?
I have served on prior CCDDDB and CCMHB during the past 20 years and been an active member as well as advocate for services for individuals with disabilities and with mental health conditions. I have a doctorate in developmental psychology and taught at the University of Illinois, serving as head of the Special Education Dept and Dean of the College where I focused on critical role of education for all and preparation of teachers for students with special needs, as well as research to improve interagency coordination in communities to provide and enhance services for families of children with disabilities. I have served in national roles advocating for services, worked with many national organizations to support legislation and policy to enable persons with disabilities to live in their local communities.

What is your knowledge of the appointed body's operations, property holding's staff, taxes, and fees?
I have extensive knowledge with the boards, having served 2 terms on MHB, and 1 term on DDB. I am also a parent of a young adult with disabilities and have worked to ensure that he is eligible for and receives appropriate services (SSDI, HBWS, housing, ABLE account) to ensure he can live as independently and productively as possible in our county.

What do you believe is the role of a trustee/commissioner/board member and how do you envision carrying out the responsibilities of that role?

The board member is responsible for being well-informed about disability issues impacting residents of our county that impact availability and quality of services that support their full inclusion in opportunities for employment, housing, transportation, employment and receipt of necessary services (social, medical, educational) to live successfully in our county. Board members must understand the state and federal legislation supporting services for all individuals (and families) with disabilities, as well as state and local agencies that provide direct services. The role of evidence-based and recommended practices in supporting persons with disabilities to be active members of their community is critical to ensure our county continues to be one of the best places for all people to live. Having personal and or professional experience with individuals with disabilities, their abilities, needs and current service barriers is likewise an important asset for board members.

Re: Budget Amendment for Election Judges

TO: Champaign County Board

FROM: Champaign County Clerk, Aaron Ammons

The Champaign County Clerk's office needs a budget amendment for \$75,000. This is a request to move money from the election judges and workers line in commodities and services to the temp staffing line in personnel. This is to fund the temp personnel line ahead of the 2026 General Midterm Election.

To clarify further, the temp line pays election judges who have made over \$600 in a calendar year and or work early voting/vote by mail processing/distribution. The election workers line pays for judges who make under \$600 and or typically only work Election Day. We frequently have to make adjustments between these two line items, depending on the number of elections and how big the election is.

Sincerely,

A handwritten signature in black ink that reads "Aaron Ammons". The signature is written in a cursive, flowing style.

TO: Honorable Members of the Champaign County Board

From: Laurie Brauer

Date: 7/6/2026

Re: Budget Amendment for Professional Services

At the request of Finance Chair Hanauer-Friedman, the request has been amended to 80,000 and will be submitted for the remainder of the requested funds if needed.

We have a shortfall in our Professional Services budget line (1080-00-0252a-02-042-000-000-0000-502001). The FY2026 budget was prepared and approved knowing that the budgeted amount wouldn't fully cover the costs associated with autopsy services.

In January 2024, Champaign County transitioned to utilizing the services of Nathan Patterson, MD, through the Sangamon County Coroner's Office.

The current cost structure for autopsies is as follows:

Forensic Pathology Fee - \$1,200

Facility Fee - \$550

Transportation Fee \$250

Total cost \$2,000

This cost doesn't include toxicology, radiology, or histology fees.

Given the average volume of cases, the existing budgeted amount will be insufficient to meet operational needs through the end of the fiscal year. A budget amendment is therefore necessary to ensure uninterrupted service and compliance with statutory requirements.

I respectfully request that the board approve a budget amendment of an additional amended amount of \$80,000 of the original \$161,000 to increase the appropriation in the professional services line accordingly.

Thank you,
Laurie Brauer

DATE: July 14, 2026

RE: Budget Amendment Request – Specialty Courts – Journal Number 191

The Circuit Court respectfully requests a budget amendment for the Specialty Courts fund, which will otherwise be without sufficient funds to operate through the end of 2026.

Two factors have created the shortfall. First, the Champaign County Drug Court program was not approved for full funding under the current Adult Redeploy Illinois (ARI) grant cycle. The State of Illinois has established a second Notice of Funding Opportunity for a reduced-scope program effective October 1, 2026, for which the Champaign County Drug Court is eligible. This creates a funding gap for the FY26 third quarter. Second, program expenditures have exceeded the appropriated Specialty Courts budget, and the fund will be exhausted before year-end. Neither factor alone, nor both together, can be addressed with existing resources.

Accordingly, the Circuit Court requests a budget amendment appropriating \$60,000 from the Opioid Settlement Fund to the Specialty Courts Fund. This amount is intended to fund the program through December 31, 2026, and to address both the grant timing gap and the budget shortfall described above.

The preliminary allocation of these funds is:

- Participant housing (sober living and short-term housing): \$36,000
- Drug Court Case Manager salary and fringe benefits: \$13,660
- Case management software: \$3,000
- Participant support, incentives, transportation, and related program costs: \$7,340

This request prioritizes participant housing, the program's greatest and most time-sensitive need. Graduation venue and related event costs have been minimized, and the Fall 2026 graduation is expected to be supported through resumed ARI funding rather than the Opioid Settlement Fund.

Because ARI funding is expected to resume on October 1, some of these costs may become grant-eligible for October through December. To the extent the grant absorbs eligible costs, the impact on the Opioid Settlement Fund will be reduced accordingly.

REQUESTED ACTION FOR FINANCE:

Approve a budget amendment appropriating \$60,000.00 from the Opioid Settlement Fund (Fund 2680) to the Specialty Courts / Drug Court Fund (Fund 2685) to fund the program through December 31, 2026.

Thank you for your consideration and continued support of the Specialty Courts program.

MEMORANDUM

To: Elly Hanauer-Friedman, Chair of Finance; and
John Farney, Vice-Chair of Finance; and
Honorable Members of the Champaign County Board

From: **Travis Woodcock, Finance Director**

Re: GIS Fees

Champaign County's portion of the GIS Consortium dues and certain related software costs are paid from the GIS Fund, which is fully funded by fees. The number of fees collected each year, which is not in the County's control, drives the total revenue. During the real estate boom several years ago, the County was collecting a larger number of fees than normal, which allowed for the GIS Fund fund balance to grow. However, now that the real estate market has cooled, the yearly revenue (see table below) is not enough to cover the GIS Consortium dues. This has caused the GIS Fund fund balance to drop from \$456,267 in FY2022 to \$210,736 in just three years. Due to the swings in the real estate market affecting this fund so much, these fees need to be analyzed and potentially updated from time to time.

	FY20	FY21	FY22	FY23	FY24	FY25
Charges for Services	382,263	420,503	310,011	254,259	219,441	275,178

Attached is an analysis, based on the analysis that Bellwether prepared for the County in 2015. Given the number of recorded documents over the past couple of years, if the County raises their rate from \$15 to \$25, the GIS Consortium dues and software cost will be covered for the year. It also includes a small buffer to cover the GIS Consortium's dues increase that will take place starting in January 2027. Per statute, the Recorder's Office receives \$1 of the fee per transaction, so the GIS Fund's portion would increase from \$14 to \$24.

The General Fund does not have the capacity to cover these costs if the fees do not cover them. So, it is imperative that the County keeps a fund balance in the GIS Fund and also potentially updates the fees when the real estate market changes.

ORDINANCE NO. 2026-14

ORDINANCE INCREASING STATUTORY RECORDER GIS FEE for CHAMPAIGN
COUNTY, ILLINOIS

WHEREAS, 55 ILCS 5/3-5018 provides that the County Board of any county that provides and maintains a countywide map through a Geographic Information System (GIS) may provide for an additional charge of \$3 for filing every instrument, paper, or notice for record (1) in order to defray the cost of implementing or maintaining the county's Geographic Information System and (2) in order to defray the cost of providing electronic or automated access to the county's Geographic Information System or property records; and

WHEREAS, 55 ILCS 5/3-5018 provides that the statutory Recorder GIS fees may be increased by the County Board if an increase is "justified by an acceptable cost study showing that the fees allowed by this Section (55 ILCS 5/3-5018) are not sufficient to cover the cost of providing the services"; and

WHEREAS, a cost analysis (attached hereto and made a part hereof) has been prepared to provide a review of the actual cost of providing permitted fee services within the Champaign County GIS department; and

WHEREAS, based on the cost analysis, the Finance Department recommends approval of an increase to the Champaign County Recorder GIS fee from the current \$15 fee to a \$25 fee for filing every instrument, paper, or notice for record, effective January 1, 2027;

NOW, THEREFORE, BE IT ORDAINED by the County Board of Champaign County, that the pursuant to 55 ILCS 5/3-5018 the Champaign County Recorder GIS Fee is increased to \$25 for filing every instrument, paper, or notice for record, effective January 1, 2027.

MEMORANDUM & UPDATE

CONNECT Champaign County — Rural Broadband Initiative

To: Champaign County Board Members
From: Peter Folk, Volo.net Internet + Tech / CONNECT Champaign County
Date: July 9, 2026
Subject: CONNECT Champaign County Phases 1, 2A and VCHAP — July Progress Update: Spending, Easements, Permitting, and Construction Readiness

1. Executive Summary

Bottom line: All County ARPA funds across the three active projects remain on track to be fully expended in 2026 — Phase 1 by mid-August, Phase 2A and VCHAP by November 30. Phase 1 construction continues with 95% of easements secured. Phase 2A easement acquisition is running well ahead of the Phase 1 pace — 42 of 75 required easements are signed or pending signature just six weeks after first contact — and construction begins in early August.

Phase	Funding Source	Status	County ARPA Fully Expended
Phase 1	County ARPA + State Connect Illinois Rd. 3 + Volo match	Backbone construction underway; 95% of easements signed or on track	Mid-August 2026 — on track
Phase 2A	County ARPA (fully awarded) + Volo match	Easement acquisition ahead of schedule; permits in motion; construction begins early August	November 30, 2026 — on track
Phase 2B	BEAD / Connect Illinois Rd. 4 (provisional) + Volo match	Final NTIA + State approval pending; full completion 2029–2030	n/a (no County ARPA)
VCHAP	County ARPA + City of Champaign CDBG + Volo donation	Combined with City CDBG project; free service to 50 HACC units pending State approval	November 30, 2026 — on track

All phases deliver gigabit-to-10-gigabit fiber service with unlimited data and reliability designed for agricultural operations, home-based work, education, telehealth, and business needs.

2. Phase 1 — 110-Mile Rural Backbone, 538 Homes

Spending: County ARPA fully expended by mid-August

Phase 1 spending is on track and consistent with prior projections. As of early July, the County has paid approximately **\$3.1 million of the \$4.7 million Phase 1 award**, and at current and projected burn rates the **County ARPA balance for Phase 1 will be fully drawn by mid-August 2026**. Project work continues beyond that point using State Connect Illinois Round 3 grant funds and Volo's match — County funds are first-out. Updated spending figures will be provided for the Board meeting.

Easements: 95% secured

Of the 493 easements required for Phase 1, **426 are signed and 35 more are pending signature — 95% signed or on track**. The total easement count has been reduced from 519 as engineering refinement eliminated parcels that are no longer required. The remaining parcels are in active negotiation or on the litigation track, and none block the current construction sequence.

Construction & permitting

- Construction has progressed from Somer township into the St. Joseph area, where crews resume work next week as the Village's final permit items are completed. Five additional crews are ramping up operations, for a total of 6 operational crews.
- Crews will remain focused on Phase 1 until Phase 2A is fully construction-ready, avoiding costly moves between project areas.
- Drainage district coordination is in its final stages, update on District agreements and final Township permits will be provided at the meeting.

3. Phase 2A — 136-Mile NW Expansion, 653 Homes

Phase 2A is fully designed, field-staked, and funded with County ARPA dollars plus Volo's match. Construction begins in **early August**, and **all \$4.7 million of County ARPA funds will be expended by November 30, 2026**, with remaining distribution-fiber construction completing in 2027 as Volo's contribution to the project.

Easements: ahead of schedule

A note on counts, to keep the figures consistent across reports: one easement agreement frequently covers multiple parcels. The ARPA-funded backbone requires **75 easements, spanning 144 parcels**. Easement figures below are stated both ways (easements, with parcels in parentheses).

- **19 easements (31 parcels) are signed** and **23 easements (42 parcels) are pending signature** — 56% of the requirement signed or pending just six weeks after first landowner contact, well ahead of the pace achieved in Phase 1.
- Backbone appraisals are on track to be completed by July 23, keeping every remaining parcel positioned for either voluntary agreement or, where necessary, the expedited legal track — preserving the construction timeline in all cases.
- Information on constructable area will be provided at the meeting.

Permitting & construction readiness

With design complete, the team's focus this month is clearing every permit and procurement item ahead of the early-August construction start:

- **IDOT:** All six required IDOT permit applications have been prepared and are in final review for submission; typical approval runs 14–20 days, comfortably ahead of construction.
- **Townships & villages:** All six affected townships have been contacted; most require no formal permit, and staking sheets are being provided for their records. Village coordination (Fisher, Rantoul, and others) is complete or requires only pre-construction notification.
- **Railroad crossings:** Crossing packages are prepared and are being submitted through a streamlined third-party process that limits approval timeline to a maximum of 30 days
- **Drainage districts:** All Phase 2A drainage districts have been identified and coordination meetings are being scheduled, using the process proven in Phase 1.
- **Materials & equipment:** Duct, handholes, and cabinets are on schedule. Major materials purchase orders are being released this month per the spending plan.

Spending follows the construction sequence

As previously reported, Phase 2A spending is deliberately back-loaded: easement, appraisal, and design costs run June–July; major materials and equipment purchases (approximately **\$2.1 million**) land in July–August as purchase orders are released; then three months of backbone construction (Aug–Oct) and two of splicing (Oct–Nov) carry the cumulative curve to **\$4.7 million by November 30, 2026**. The first Phase 2A payment requests have been submitted to the County, and updated figures will be provided for the Board meeting.

4. VCHAP — Free Internet for 50 Housing Authority Households

The combined VCHAP / City of Champaign CDBG project remains positioned to deliver **free internet service, donated by Volo, to all 50 residential units** at the Douglas Square property managed by the Housing Authority of Champaign County. Free service closely matches what residents at Douglas Square and other HACC facilities have told us they need, making this a more responsive tool for closing the digital divide.

- State approval of the pivot, on behalf of the City of Champaign, is still pending and expected shortly; the combined spending plan is unchanged.
- Already-purchased Wi-Fi devices will provide next-generation in-home networking to each of the 50 Douglas Square units; the remaining 427 units will be made available to other Champaign County anchor institutions with aging or spotty Wi-Fi infrastructure.
- **County ARPA funds (\$195,000) will be fully expended by November 30, 2026.**

5. Community Engagement & Public Resources

Our Community Engagement Liaison continues to drive significantly increased communication with area residents and elected officials, and our staff engage in dozens of weekly interactions with residents in the target areas. Upcoming county-wide community events:

- **July 13 — Rantoul** (ET's Downtown Rantoul), 4:30–6:30 PM — hosted by District 2 County Board representatives Jon Cagle and Ed Sexton; information session with easements available for signing, sign-ups, and Q&A.
- **July 13 — Mahomet** (Legion Hall), 4:30–6:30 PM — hosted by District 1 County Board representative Ben Crane; information session with easements available for signing, sign-ups, and Q&A.
- **July 14 — St. Joseph** neighborhood “touch-a-truck” event (Community Sports Complex / Woodard Family Park), 5:30–7:30 PM.
- **August 11 — Tolono** (Eastside Park), 5:30–7:30 PM.
- **September 8 — Lake of the Woods** (Lakewood Shelter), 5:30–7:30 PM.

The June 9 Somer township event drew 60+ attendees, including state officials, and generated strong press coverage (News-Gazette, WCIA, WAND, and WDWS).

Public resources:

- Interactive project map — volo.net/connectcc/map — shows the project route by phase; residents can enter their address to see whether their property is served.
- Project website — connectcc.volo.net — including a detailed FAQ for residents and landowners (volo.net/connectcc/faq).
- Project team: 217-350-2116 | ccc@volo.net — we are happy to schedule 1:1 discussions and project tours.

6. Closing

With Phase 1 in construction and its County funds fully expended by mid-August, Phase 2A ahead of schedule on easements and entering construction in early August, and VCHAP positioned to deliver free service to 50 households, the CONNECT Champaign County project is on schedule and on budget with respect to County ARPA funds — and closer than ever to delivering modern broadband infrastructure to every rural household and farm in the county. Volo remains committed to transparency, coordination, and timely updates as construction advances.

We welcome your questions. Our project team can be reached at **217-350-2116** or ccc@volo.net.

RE: ARPA Reallocation Guidelines and Remaining Funding Status

Background

The ARPA (American Rescue Plan Act) funding is subject to the Department of Treasury's Coronavirus State and Local Fiscal Recovery Funds (SLFRF) program rules. ARPA funds began disbursement in 2021, and required all funds to be obligated by December 31, 2024, expenditures to be complete by December 31, 2026, and administration/reporting to be complete by April 30, 2027.

Amendment and Replacement of ARPA Contracts and Subawards

Although the ARPA funds were obligated as of December 31, 2024, the Department of Treasury does permit amendment and replacement of ARPA contracts and subawards under certain circumstances. In short, **the replacement contract or subaward must be within substantially the same scope and for substantially the same purpose as the contract that was entered into by December 31, 2024.**

"In general, recipients cannot re-obligate funds or obligate additional SLFRF funds after the obligation deadline of December 31, 2024. For instance, if a contractor makes a change order request after December 31, 2024, that necessitates a contract amendment, the recipient would not be permitted to obligate additional SLFRF funds to the project because the obligation deadline would have passed. However, after the obligation deadline, recipients are permitted to replace a contract or subaward that was entered into prior to December 31, 2024 under the following circumstances:

1. The recipient terminates the contract or subaward because of the contractor or subrecipient's default, the contractor or subrecipient goes out of business, or the recipient determines that the contractor or subrecipient will not be able to perform under the contract or carry out the subaward.

2. The recipient and contractor or subrecipient mutually agree to terminate the contract or subaward for convenience.

3. The recipient terminates the contract or subaward for convenience if the contract or subaward was not properly awarded (for example, if the contractor was not eligible to receive the contract), there is clear evidence that the contract or subaward was improper, the recipient documents the determination that it was not properly awarded, and the original contract or subaward was entered into by the recipient in good faith.

A contract will be considered made in good faith for purposes of clause (3) above if the parties followed standard procurement or subaward practices, as applicable, and the contract or subaward was not entered into for the purpose of evading the obligation deadline. A recipient that re-obligates funds to a new contractor or subrecipient after the obligation deadline will be considered to have used its funds to cover an obligation incurred prior to the obligation deadline if any of the three situations above is present and if the original contract or subaward being replaced was entered into by December 31, 2024.

If a recipient enters into a replacement contract or subaward, the recipient still must expend all funds by the expenditure deadline. Treasury will update the SLFRF Compliance and Reporting Guidance to provide a means for recipients to report any contract or subaward replacements after the December 31, 2024 obligation deadline. Recipients should maintain documentation to justify their determinations, which should include an analysis of the factors discussed above. Treasury may ask recipients to provide this information in their periodic reports.”
