Announcements: Discussion on jail issues from Emily, possible use of Commissary funds for undergarments. Lokshin mentions Autism resolution.

Discussion of Agenda: Arres introduction, will be joining the board tonight. We will move communications again but not ARPA. Sullard asks we fix minutes for attendance at the board meeting last month. Elly runs the caucus through the BUA's and the finance items. A motion to amend the budget is in order for RPC and our IT taking over service for them. We vote on the Tax levy. No new business.

We will do a BUA for the opioid settlement money. It is used for fire protection help. The tabled items are not on this months agenda and will be on December's meeting agenda.

We warn ourselves of the curse of the short agenda and how it sometimes goes terribly wrong.
