Motion by Wiggs to approve minutes, second by Sullard

Public participation, Rep from Cunningham home regarding the JV grant here for questions.

Announcements: Locke, the broadband topic with Volo and some easement issues.

Discussion of Agenda: Elly and finance, Sheriff here regarding more Savoy coverage. The hazardous waste collection event is coming up. We have a closes session tonight. May move ARPA on agenda. Michelle says the PACA issue with the old old nursing home seems resolved. But we discuss the fact we have no preservation ordinance in place, so it is always a discussion rather than a plan. We have Jen Staub up for a spot on the Mental health board. Shannon is here to explain the Labor committee items. The auditor has failed to provide the purchases not following policy data this month. In the addendum we have a discussion about the administrative positions and the redeploy folks. The PD explains they want to keep the staff intact and there is some issues. Marvin from Cunningham adds some details.
