Lynn Canfield, Associate Director for Developmental Disabilities Staff Report –January 23, 2013

Board Documents: Progress on the CCMHB Annual Report for Fiscal Year 2012 is underway, with many sections completed (demographics and appropriations by sector, e.g.) and others awaiting additional data. Following the November 14 approval of FY14 Allocation Priorities and Decision Support Criteria and Three Year Plans for Fiscal Years 2013-2015, I posted documents and revised meeting schedules to the application website. Contract boilerplate language is still under review, a staff collaboration led by Mark Driscoll.

Online Application and Reporting: We continue to work with agency users accessing the site and to troubleshoot apparent system problems with support from the developer. After Mark Driscoll redesigned the Expense Form template and we tested the effect of “cloning” (copying) this and all required forms, I uploaded the revised application instructions and cloned the full set of submitted FY13 agency forms to FY14. Mark then took the application section live on January 4 so that registered agency users may create new application forms or update cloned forms if submitting similar applications for FY14 funding. A few new agencies have registered successfully using the online system. I created user identities and passwords for new CCMHB members and County Board liaisons to CCDDDB. All required application forms for FY14 funding must be submitted online by 4:30PM on Friday, February 15, and the printed and signed Authorization/Cover Sheet should be delivered to our office or postmarked by that time. Agency FY13 Second Quarter Reports, including a Financial Variance Report which is required if there is variance greater than 5%, are due on Friday, January 25 at 4:30PM.

The Mental Health Agencies Council met in November. Discussion of FY14 applications for funding. Tracy Parsons thanked Think Tank participants and talked briefly about the National Federation of Families Board, of which Shandra Summerville is a member. Reminders about Mental Health First Aid Training, HB162 (regarding debt bonding), Crisis Nursery’s Holiday Shop, and upcoming meetings.

Juvenile Justice: I attended a Juvenile Crime Enforcement Coalition meeting, a requirement of Champaign County Court Services’ Illinois Criminal Justice Information Authority funding. The program has had difficulty meeting referral numbers and will return a large amount of the award if another member of JCEC is unable to utilize it for juvenile programming. Ideas included expansion of RPC’s Diversion or No Limits for Youth programs. Other discussion centered on practical concerns with referrals, particularly expectations of the State’s Attorney and law enforcement officers. These themes reemerged the following day at a juvenile justice stakeholders’ meeting on developing a juvenile assessment center, for which there was enthusiasm, with the goal of more efficient referrals to appropriate services. Desire for a central database remains strong among law enforcement agencies.

Other Activity: Mark Driscoll and I attended a quarterly meeting of the Local Funders Group for discussion of allocations, other local funding options, and possible collaboration on shared priorities.

Peter Tracy and I met with Dr. Ordal and others for ongoing discussion of nutrition and health; please contact me at lynn@ccmhb.org if you wish to be included in future meetings or receive links to related articles. We also participated in a United Cerebral Palsy focus group meeting with other stakeholders in November. I continue to attend meetings of the Community Response Group and the Metropolitan Intergovernmental Council, although the former has not met recently.

Ligas and PUNS: Stephanie Howard Gallo attended the January 10 presentation “Ligas Consent Decree After One Year of Implementation;” a copy of the power point appears in the board packet. The January PUNS report on the DHS DDD website appears to include updates, and Champaign County detail is summarized below. A recent PUNS draw holds the potential for approx. 25 underserved County residents to receive Home Based Support Services awards. In late November, I had a conversation with the local PAS agency manager regarding progress qualifying these persons and securing the services they desire. She added that a great many people are in emergency situations. During teleconferences with Tony Records and with Reta Hoskins of DHS, and through discussions with stakeholders, I learned about progress/barriers for individuals selected from PUNS and for those moving from ICFs/DD into CILAs. Another draw may occur in January or February.

Information maintained by the Legislative Reference Bureau

Updating the database of the Illinois Compiled Statutes (ILCS) is an ongoing process. Recent laws may not yet be included in the ILCS database, but they are found on this site as Public Acts soon after they become law. For information concerning the relationship between statutes and Public Acts, refer to the Guide.

Because the statute database is maintained primarily for legislative drafting purposes, statutory changes are sometimes included in the statute database before they take effect. If the source note at the end of a Section of the statutes includes a Public Act that has not yet taken effect, the version of the law that is currently in effect may have already been removed from the database and you should refer to that Public Act to see the changes made to the current law.

COUNTIES**(55 ILCS 105/) County Care for Persons with Developmental Disabilities Act.**

Sec. 1. Facilities or services; tax levy. Any county may provide facilities or services for the benefit of its residents who are intellectually disabled or under a developmental disability and who are not eligible to participate in any such program conducted under Article 14 of the School Code, or may contract therefor with any privately or publicly operated entity which provides facilities or services either in or out of such county.

For such purpose, the county board may levy an annual tax of not to exceed .1% upon all of the taxable property in the county at the value thereof, as equalized or assessed by the Department of Revenue. Taxes first levied under this Section on or after the effective date of this amendatory Act of the 96th General Assembly are subject to referendum approval under Section 1.1 or 1.2 of this Act. Such tax shall be levied and collected in the same manner as other county taxes, but shall not be included in any limitation otherwise prescribed as to the rate or amount of county taxes but shall be in addition thereto and in excess thereof. When collected, such tax shall be paid into a special fund in the county treasury, to be designated as the "Fund for Persons With a Developmental Disability", and shall be used only for the purpose specified in this Section. The levying of this annual tax shall not preclude the county from the use of other federal, State, or local funds for the purpose of providing facilities or services for the care and treatment of its residents who are mentally retarded or under a developmental disability. The proposition shall be in

Shall County levy an annual tax not to exceed 0.1% upon the equalized assessed value of all taxable property in the county for the purposes of providing facilities or services for the benefit of its residents who are intellectually disabled or under a developmental disability and who are not eligible to participate in any program provided under Article 14 of the School Code, 105 ILCS 5/14-1.01 et seq., including contracting for those facilities or services with any privately or publicly operated entity that provides those facilities or services either in or out of the county?

(b) If a majority of the votes cast upon the proposition are in favor thereof, such tax levy shall be authorized and the county shall levy a tax not to exceed the rate set forth in Section 1 of this Act.

Sec. 1.2. Petition for submission to referendum by electors.

(a) Whenever a petition for submission to referendum by the electors which requests the establishment and maintenance of facilities or services for the benefit of its residents with a developmental disability and the levy of an annual tax not to exceed 0.1% upon all the taxable property in the county at the value thereof, as equalized or assessed by the Department of Revenue, is signed by electors of the county equal in number to at least 10% of the total votes cast for the office that received the greatest total number of votes at the last preceding general county election and is presented to the county clerk, the clerk shall certify the proposition to the proper election authorities for submission at the next general county election. The proposition shall be in substantially the following form:

Shall County levy an annual tax not to exceed 0.1% upon the equalized assessed value of all taxable property in the county for the purposes of establishing and maintaining facilities or services for the benefit of its residents who are intellectually disabled or under a developmental disability and who are not eligible to participate in any program provided under Article 14 of the School Code, 105 ILCS 5/14-1.01 et seq., including contracting for those facilities or services with any privately or publicly operated entity that provides those facilities or services either in or out of the county?

Members, Champaign County Mental Health Board
From: Peter Tracy, Executive Director
Subject: Board Member Code of Ethics

Background:

All members of the Champaign County Mental Health Board (CCMHB) and the Champaign County Developmental Disabilities Board (CCDDB) were required to complete the Open Meetings Act (OMA) on-line training provided by the Office of the Attorney General. This training provided vignettes illustrating possible violations of the OMA and also touched on questions of an ethical nature. In order to clarify the ethics pertaining to serving on a public board-of-directors such as ours, I am recommending we strongly consider implementing a Code of Ethics for our Board.

Next Steps

The attached document should be considered as “draft” and is open for is review and comment by Members of the CCDDB and CCMHB. Please carefully review the document and provide written feedback. This item will be placed on the agenda for our February meetings as an action item.

CHAMPAIGN COUNTY BOARD FOR CARE AND TREATMENT
OF PERSONS WITH A DEVELOPMENTAL DISABILITY

December 20, 2012

The Honorable Pat Quinn
Governor of Illinois
207 State House
Springfield, Illinois 62706

Dear Governor Quinn:

We grieve for the families who lost their children, for the families of their teachers who were killed, for the entire Newtown community, for Illinois and for America itself. These are our children, our neighbors, our families, our friends. There can be no greater tragedy in a society than losing its young, its own future, so needlessly and so senselessly. Such actions strike at the very heart of who we are and who we hope to become.

What happened in Newtown could have just as easily happened in Illinois. We need to take this tragedy as a warning which deserves our immediate and undivided attention. We must, under your leadership, take action to identify and implement solutions starting with the following:

Immediately double the capacity of public mental health and substance abuse programs in Illinois. Since FY08, our community mental health and substance use disorder systems have been decimated by policy shifts, funding cuts, and delayed payment cycles. As a result, only a third of those with moderate mental illness and two thirds of those with severe illness ever receive any care. Families simply cannot get badly needed care. The Affordable Care Act must be implemented fully, and mental health and substance use care must be fully integrated into good medical care.

Immediately implement school and community-based programs to promote mental health, to prevent mental illness and substance abuse, and to provide early interventions for those exhibiting these conditions. Prevention and early intervention strategies can strengthen children's mental health and resiliency, prevent or lessen the burden of illness, and help them and their families to recover from trauma. Further, teachers must be taught how to identify troubled children and to guide them into effective supports before these children get into trouble.

Immediately begin teaching students at all levels to recognize the signs of mental illness and addiction, and to seek help when needed. Few young people get even a single hour of education about mental illness or addiction, its signs or its treatment. We can't expect people to step forward or to seek help for a family member when we don't even provide them the rudimentary tools to do so. We must begin to do so.

Yes, we must grieve for the Innocents, just as we grieved recently for those lost in Tucson, Aurora, and Portland. But, this time, our grieving must have a direction and purpose to galvanize action. As people who know first-hand the tragedies of mental illness and addiction, and the triumphs that are possible, we all call on you to take immediate action.

The people of Illinois expect nothing less of all of us. As local funders of mental health and substance use treatment programs and services, we stand ready to partner with you to find solutions and to the extent possible prevent future tragedies from occurring in Illinois.

Sincerely,

Deborah Townsend, Ph.D,
President
Champaign County Mental Health Board
