REMARKS _____ BY _____

CAUTION

This determination is based on regional data and does not consider local factors which may affect the actual elevation and extent of the 100 year flood. This determination is not a representation that structures determined to be outside the mapped Special Flood Hazard Area or on sites at or above the Base Flood Elevation estimated herein will not experience flood damage from a flood of any particular return interval. Due care must be exercised in siting and constructing any structures in addition to meeting the minimum requirements of the Champaign County Special Flood Hazard Area Ordinance or National Flood Insurance Program.

NOTE TO LENDERS AND INSURERS

This determination is advisory only with respect to NFIP requirements imposed on Lenders and Insurers. The ultimate authority for accepting or rejecting all or any part of this Flood Hazard Determination lies with the lender or insurer using it.
