02/10/2017 THROUGH 02/10/2017 MENTAL HEALTH FIRST AID FOR PUBLIC SAFETY

TRAINING DESC: This is an evidence-based, national program designed to focus on the unique experiences and needs of law enforcement, corrections, and public safety audiences. The curriculum will explain how disorders impact an individual in crisis and will help participants identify a plan of action. The instruction will give public safety professionals more options to help them de-escalate incidents so they can respond to mental health calls appropriately without compromising safety. Topics covered include but are not limited to: risk factors and warning signs of mental illness; the need for rapid recognition of the situation; the impact of mental health and substance use disorders; 5-step action plan to assess a situation and provide assistance; identifying local resources and how to obtain help; de-escalation techniques; how police inadvertently escalate and destabilize the person; defining officer roles and responsibilities; and providing understanding and reducing stigma.
